1x With reference to the Dewa Nos 611 14 and 616-17 dated 7th May last sanctioning Provincial Engineering Scholar at Rs 15 to Sy Narain Row F A and Provincial Medical Schol ships at Rs 15 each to Vl Hanmanta Rao F A and S Venkoba Rao F A, I have the honor to submit for the favorable consideration of the Dewan petitions addres by these students and copy of Docket No 36 dated 2 Instant from the Head Master Shimoga Colleg stating that the Scholarship of Rupees 15 h

falls short of the school fee by one Rupee in the case of the Engineering student that it just covers the school & the case of the medical students, and that in their poor circumstances they find it difficult to purchase the necessary school books and maintain themselves in Madras and Bombay which are far away from their homes

2 The Provincial scholarships were fixed at 25 Rupees each per mensem in the Dewans Proceedings noted in the margin and I venture to submit that this figure is by no means too much for the class of young men whose encouragement seems the real object of the benevolent measure instituted by the Government in the orders referred to

Honored Sir

With great respect, the undersigned beg to represent for your Honors benign Consideration the following grievance

Having passed their F A, they intend studying for Medicine in the Grant Medical College at Bombay, for which purpose the Mysore Government has granted them each a merit scholarship of Rs 15 per mensum, this sum, they regret to say, is insufficient for their support there, Since they are too poor to support themselves and also foreigners to Bombay Besides, the sum which they have to spend for books alone amounts to Rs 200, which they are unable to supply themselves, and the sum which the Government grants them just pays the College fees

They, therefore, most submissively beg your Honor to recommend the present grant being increased to Rs 25, which was the

sum originally given

For which act of kindness they will ever pray for your Honors long life and prosperity

I am, Honored Sir,
Your most humble and obedient student
S Venkoba Rau

High School, Shimoga

Most honoured Sir

With profound reverence, the undersigned begs to present the following few lines, for your honour's gracious Consideration.

Having passed his F A he intends studying for Engineering in the Civil Engineering College, Madras, for which the Mysore Government has granted him a merit scholarship of Rupees 15 per mensem. This sum, he is sorry to say, is insufficient for his support there, as he is a foreigner to Madras, and is too poor to support himself. He has nothing else to rely upon, except the Government scholarship, for his own support and the prosecution of his study. Further he has to spend for books alone Rs 150, and which he is unable to supply ~~themselves~~ himself. Besides the sum which the Government grants him is deficient of the College Fees by a rupee.

He, therefore, most humbly begs

your honour to recommend the present grant being increased to Rs 25, which was the sum orginally given

For which act of kindness he will ever pray for your honours long life and prosperity.

Begs to remain, Sir,
Your most obedient and humble
student
